In re Application of

Shwartz

: DECISION ON

Application No. 09/759,728

: APPLICATION FOR

Filed: January 11, 2001

Patent Number: 7,631,349

: PATENT TERM ADJUSTMENT

Atty Docket No. DIGI-P001

This decision is in response to the January 13, 2010 "RENEWED REQUEST FOR REINSTATMENT OF APPLICATIONS FOR PATENT TERM ADJUSTMENT AND ADDITIONAL BASIS THEREFORE" and the "APPLICATION FOR PATENT TERM ADJUSTMENT". The Office is treating this petition as a request for reconsideration of patent term adjustment under 37 CFR 1.705(d). Applicant submits that the correct patent term adjustment to be indicated on the patent is one thousand four hundred and fifty-four (1454) or 1800 days.

The petition to correct the patent term adjustment indicated on the above-identified patent to indicate that the term of the above-identified patent is extended is GRANTED to the extent herein indicated. However, the patent term adjustment is one thousand four hundred and eighty-one (1481) days, rather than the requested one thousand four hundred and fifty-four (1454) or eighteen hundred (1800) days

Applicant appears to request this correction on the basis that the application was filed in 2001 and it did not issue until 2009. In addition, applicant also asserts that the period of time between December 18, 2007 and November 5, 2008 is additional PTA.

¹ The Office notes that applicants filed a PTA request on January 13, 2010. The request filed on January 19, 2010 is deemed supplemental and will not be considered.

The Office finds the following:

- 1) Applicant is entitled to 883 days of "A" time pursuant to 37 CFR 1.702(a) (1). The period began on 3/12/02 and ended on 8/10/2004.
- 2) Applicant is entitled to 266 days of "A" time pursuant to 37 CFR 1.702(a) (4). The period began on 3/18/09 and ended on 12/8/2009.
- 3) Applicant is entitled to 924 days of "B" delay pursuant to 37 CFR 1.702(b). The period began on 1/12/2004, the day after the 36 month date and ended on 7/23/2006, the day before the submission of the RCE.

The Office notes that the overlapping period between "A" delay and "B" delay per $\underline{\text{Wyeth}}$ is 212 days. The period of overlap between the "A" delays and "B" delays begins on 1/12/2004 and ends on 8/10/2004.

The Office notes that Applicant delay amounts to 380 days. Applicant on four occasions bought extensions of time and PTA was reduced pursuant to 37 CFR 1.704(b) by periods of 97, 91, 95, and 97 days.

Accordingly, the overall PTA at the time of the issuance of the patent is $1475 \ (883 + 266 + 924 - 212 - 380)$.

The Office notes that the period of from 12/18/2007 and 11/05/2008 is not additional PTA. The Office does not find that the period would be additional PTA pursuant to the statutory provision 35 USC 154(b) or its implementing regulations 37 CFR 1.702-1.705.

Moreover, the Office further notes that the period for "B" delay does not continue to the date of issuance of the patent if an RCE is filed in the application. Accordingly, the "B" delay would have stopped accumulating prior to applicants cited date of 20009.

The application is being forwarded to the Certificates of Branch for issuance of a certificate of correction. The applicant is

giving one month or thirty (30) days whichever is longer as an opportunity to be heard on the grant of the certificate of correction. After the response period has elapsed, the Office will sua sponte issue a certificate of correction indicating that the term of the above-identified patent is extended or adjusted by one thousand four hundred and eighty-one days (1481 days).

The Office acknowledges submission of the \$200.00 fee set forth in 37 CFR 1.18(e). No additional fees are required.

Telephone inquiries specific to this matter should be directed to Maria Nuzzolillo, (571) 272-8150.
